Experience

2017 **A. Solomon Recruits**
Web Developer
A. Solomon Recruits is a WBENC, WOSB certified executive search boutique. My role is to develop an application, called Pitch'd, to expand their reach and simplify the hiring process.

2017 **Startup Institute**
Student Web Developer
At Startup Institute I am learning the skills required to work as a web developer in the innovation economy. This ranges from learning the 'hard skills' like the fundamental under-workings of ruby on rails to studying less code based skills like dealing with people who have different communication styles.

2016 **Quantitative Brokers**
Web Developer
Quantitative Brokers is the leading algorithmic trading platform for fixed income securities globally. At Quantitative Brokers I developed a website using the MEAN stack and Webbix tools in order to display the transaction cost analysis of treasury futures transactions in an online pivot table.

2015 **Make School**
Student iOS Developer
At the Make School I learned to develop IOS games using swift and cocos2d. I developed three games, Hello Zombie, Space Shooter Thingy, and Kitchen Balance.

2014 **Blue Matrix**
Intern
Blue Matrix is the leading provider of enterprise software for investment research publication and distribution. At the company I was in-charge of setting up data center equipment for deployment.
